We collect no information about our visitor's domain, but we do collect information about our visitor's email address when available.

For visitors on our website we collect:

- The email address and personal information from the visitors who communicate with us via email.
- Aggregate (General Tracking) information about pages that users visit on our site.
- User specific information about pages that users visits on our site.
- Any information given to us by users that contact us via inquiry form, survey, etc.

The information that we collect is used for:

- Internal review, tracking, or contacting and is then discarded.
- Improving the quality of our website content and user friendliness for a better user experience.

We do not set any cookies for any purpose.

If you are currently receiving a newsletter or emails from us and would like to stop receiving them, please notify us by contacting us by phone, at the above address.

We may partner with 3rd party ad or content delivering services to deliver relevant ads or content to our visitors.

With respect to security, we use industry standard encryption technologies, when transferring and receiving data from visitors on our website.

For questions regarding our privacy policy or website in general, please contact by; phone, listed above.
